1. Introduction

1.1. About your proposal

All documentation related to the Call is provided on the following QuantERA website page: <https://quantera.eu/call-2025/>.

Prior to submission, the Project Coordinator must carefully read the Call Announcement and prepare two documents following the templates available on the Call webpage:

- **A project proposal document**, to be submitted in PDF format,
- **A project financial plan**, to be submitted in Excel format.

The deadline for submitting both documents is **December 5th, 2025 at 17:00 (CET)**.

Keep in mind that each funding organisation has its own funding criteria and regulations, which are mentioned in the Call Announcement. The financial plan submitted at the transnational level is for evaluation purposes only. The presentation of the financial plan to be submitted at the national level might differ depending on the funding organisation (different categories of expenses, details about the distribution over time...).

1.2. About the submission system

The QuantERA Call 2025 Electronic Submission System (ESS) is based on the French National Research Agency (ANR) electronic submission platform (<https://aap.agencerecherche.fr/>). This document is designed to guide you through the submission process and ensure a smooth submission.

Note that some features of the submission platform are not used for this Call and that some fields in the interface can be safely ignored. For example, detailed financial information does not need to be completed here, as it should instead be provided by uploading the financial plan (note however that the detailed financial information is mandatory for applicants requesting funding from the ANR).

Each modified page in the submission platform must be saved (using the “Save” button) before moving on to another page.

1.3. Roles in the submission process

A Consortium is composed of project Partners represented by Principal Investigators (PIs). The Project Coordinator creates the proposal in the submission system and adds the other project Partners. The partner PIs are automatically informed by email. The email invites them to log into the system in order to complete, check or modify the information provided by the Project Coordinator about the Consortium. It is the responsibility of the Project Coordinator to ensure that the Partner information is properly filled in. When the proposal is complete, the Project Coordinator can lock it, which prevents the other Partners to update their information. Only the Project Coordinator is allowed to modify the project-level information.

2. How to connect

The Project Coordinator and the other PIs can connect to the website in the following way.

2.1. Submission website

The Electronic Submission System is available at the following URLs:

- **Quantum Phenomena and Resources (QPR):**
<https://aap.agencerecherche.fr/ layouts/15/SIM/Pages/SIMNouveauProjet.aspx?idAAP=2331>
- **Applied Quantum Science (AQS):**
<https://aap.agencerecherche.fr/ layouts/15/SIM/Pages/SIMNouveauProjet.aspx?idAAP=2332>

NOTE: Please follow the link corresponding to the topic you chose for your proposal (QPR or AQS). Both topics have differences in terms of expectations from the applicants, in terms of evaluation criteria, and some differences in the participating funding organisations. These differences are detailed in the [Call Announcement](#).

NOTE #2: The user interface is bilingual (French and English). Click on the flag on the upper-right side of the screen to reach the pages in English. You can change the interface language at any time.

2.2. Create an account and begin the creation of a submission

The welcome page of the submission system is shown below. First, fill in your email address as shown in the screenshot below. The platform will then associate your email address to the creation of a new proposal. That will allow you to create your proposal even if you log in at a later date on <https://aap.agencerecherche.fr>.

Once you entered your email, if you do not have an account on the platform yet, you will be redirected to another page where you will have to fill in your last name, first name and title. You can then click on “*Validate*” and an authentication email will be sent to you (see the screenshots below and next section).

If you already have an account on the ANR submission website, you can log in from the “authentication page” using the same email address you used before.

If you have forgotten your password, you can ask for a new one on the “authentication page”.

The language for the submission system can be switched to English here.

anr®

Maurice TIA
maurice.tia@agencerecherche.fr
CPS

Welcome to the ANR's online project submission platform.
You selected the Call:
QuantERA Call 2025 - Quantum Phenomena and Resources (QPR) 2026

- To create a proposal:
 - You first have to register. Please fill in the following fields and then validate:
 - If you already have an account on the submission site, we advise you to use the same email address to avoid the multiplication of credentials.

Email address: *

Validate

- Following the validation:
 - If you don't have already an account on the submission site, a confirmation email will be sent to you.
 - If you already have an account on the submission site, only a confirmation email will be sent to you.
- Please access then the [authentication page](#).

Some tips to help you during the submission stage

- Each modified page must be saved before going to the next one. If you do not click on save, all the information you entered after the last save will not be preserved.
- Be careful about the Call closing date and time. No changes will be possible after the submission deadline.

We thank you for your interest and wish you a successful submission.

Make sure to fill in your email address here, then click on the button below. This will allow you to begin creating a proposal, even if you log in at a later date via <https://aap.agencerecherche.fr>

If you already have an account on the ANR submission website, you can access directly to the "Authentication Page".

CPS

Welcome to the ANR's online project submission platform.
You selected the Call:
QuantERA Call 2025 - Quantum Phenomena and Resources (QPR) 2026

- To create a proposal:
 - You first have to register. Please fill in the following fields and then validate:
 - If you already have an account on the submission site, we advise you to use the same email address to avoid the multiplication of credentials.

Email address: * [Modify](#)

You do not have any account with this email yet, please complete the following fields:

Civility:

Last name: *

First name: *

Title:

Validate

- Following the validation:
 - If you don't have already an account on the submission site, a confirmation email and an activation email will be sent to you.
 - If you already have an account on the submission site, only a confirmation email will be sent to you.
- Please access then the [authentication page](#).

Some tips to help you during the submission stage

- Each modified page must be saved before going to the next one. If you do not click on save, all the information you entered after the last save will not be preserved.
- Be careful about the Call closing date and time. No changes will be possible after the submission deadline.

We thank you for your interest and wish you a successful submission.

If you don't have an account on the ANR submission platform, you need to fill in this form and click on "Validate".

2.3. Activation of your account

An email will be sent from the website in the following format (if you do not receive the email, please check your spam box):

FROM: SIM ANR simnoreply@agencerecherche.fr

SUBJECT: Activation de votre compte / Account Activation

Hello,

This is an automated email with your logins for the ANR information system (<https://aap.agencerecherche.fr>).
Please click on the link below and follow the procedure to complete the activation of your account.

User Reference : R0683531S299

Login: serguei.fedortchenko@anr.fr

Activation link: <https://aap.agencerecherche.fr/layouts/SIM/Pages/SIMActivationCompte.aspx?guidP=3cd289f5-7640-4016-a198-a412cc5ed2ea>

Yours sincerely,
The French National Research Agency

*This is an automatic e-mail message generated by the ANR electronic submission platform <https://aap.agencerecherche.fr>.
Please do not respond to this email.*

Open the activation link from the email and activate your account.

anr®

Activate your account

1 - Choice of new password

New password:

Rules about password changing:

- The minimum password length is 10 characters. **X**
- The password must contain at least 3 types of the 4 following types of characters: **X**
 - 1 lowercase letter (a-z) **X**
 - 1 uppercase letter (A-Z) **X**
 - 1 digit from 0 to 9 **X**
 - 1 special character from this list : ~!@#\$%^&* _-+=~\|(){}[];:'",./ **X**
- New password must be different from the 24 last old passwords.

We recommend using a long, strong password, and using a password manager to store it.

2 - Is my password risky?

Password checking provided by haveibeenpwned.com :
Only a part of the hash of your password is sent.
In other words:

- Your password is not transmitted to anyone
- Your password is not stored in plain text

3 - I am not a robot

Please copy the text of the image:

[Back to the homepage](#)

2.4. Authentication page

Screenshot below shows the “authentication page”, as mentioned in the sections above.

The screenshot shows the ANR Authentication Page. At the top, there is a blue header with the ANR logo and a language selector (French and UK flags). The main content area has a title bar "Authentication Page". Below it, there are two input fields: "Email address:" and "Password:". A blue "Validate" button is positioned below the password field. A callout box points to the email field with the text "Insert your e-mail address". Another callout box points to the password field with the text "Insert password". Below the "Validate" button, there is a link: "Forgotten password / Generate a new password". Further down, there is a paragraph: "To submit a new proposal, please go to the Call page on the [ANR website](#)." followed by "For any information, please contact the person in charge of the Call: [Contacts](#) [FAQ](#)". A "Remarks:" section lists two bullet points: "We advise you to allow popups from your browser settings." and "Cookies and JavaScript must be enabled." Below this, there is a section titled "Message to experts and committee members" which states: "If you already have an account (as proposal coordinator, partner...), you must use the same login/password. If you have not received your activation email or if you have lost your password, you can generate a new one via the link 'Forgotten password' located on this page." At the bottom of the page, there are links for "Legal notice", "Cookies management", and "Personal data protection policy".

If you have forgotten your password, you can provide your e-mail address here to get a new one.

The screenshot shows the ANR Forgotten password page. At the top, there is a blue header with the ANR logo and a language selector (French and UK flags). The main content area has a title bar "Forgotten password". Below it, there is an "Email address:" label followed by a text input field. A red asterisk is visible below the input field. A blue "Validate" button is positioned below the input field. At the bottom, there is a link: "Back to the authentication page".

2.5. User role

From the “authentication page”, after entering your email address and password, and having clicked on “Validate” (“Valider” in French), you are asked to choose your user profile:

- Project Coordinator - can modify all the information
- Project Partner represented by Principal Investigators (PIs) - can modify its own information.

To create a new submission, select “Project Coordinator” and click on the “Access” button.

Choose your user role :

Role : Project Coordinator ▼

Access

3. How to create your proposal

3.1. Submit a proposal

Once you chose your user role, you are logged in on the platform, and you can click on “Submit a proposal” as shown on the screenshot below. Note that the button “Submit a proposal” for the QuantERA Call 2025 will only be shown if you already entered your email address on a submission link from Section 2.1.

There are no proposals

List of funded proposals

There are no proposals

Click here to begin the creation of your proposal.

After you created your proposal, it will be shown here, and you will be able to edit it by clicking on its acronym.

3.2. Identification of the project

Please fill in the informations below to create your project.
These will remain modifiable until the close of the call for projects.

Identification of the project

Project acronym

Project French title

Project English title

Financial instrument

R & D categorie

You do not need to translate the title in French, and you can simply copy and paste the Project English title here.

No action is needed from you regarding both of these options, which are already filled in.

Still on the same page, as the Project Coordinator you have to fill the following form:

Identification of the coordinator of the project

Principal Investigator/Scientific manager of the partner

Civility

First name

Last name

Email

Title

Project coordinator ☒

Research organisation of the partner

Country

Funder

Comment (regarding the choosen funder)

Category

Name of the research structure

Acronym of the research structure

Make sure to choose the right country and funding organisation. If you don't find your country and funding organisation, please check whether you are in the right topic (QPR or AQS).

Select the administrative category of the project Partner between:

- Association
- Other Enterprise than Very small enterprises or SMEs
- Other private
- Other Public
- Public Laboratory
- Research Foundation
- SMEs
- Very Small Enterprises

Save

Depending on the selected category, a new field asking for the French RNSR code may appear, this field is required only for the French applicants.

3.3. Information about your submission

Once you have provided the project identification information, you will have access to the main online submission page composed by several tabs gathering all the information needed for the evaluation of the project (from the left to the right side of the screen):

1. Partnership and tasks,
2. Partners/Organisations files,
3. Identity of the Project,
4. Scientific Abstract,
5. Scientific Document,
6. Submission of the project.

AAP: QuantERA Call 2025 - Quantum Phenomena and Resources (QPR) - Edition: 2026 - Proposal: Test_QPR!

3.3.1. Partnership and tasks

Under this tab, the Project Coordinator can fill in the Consortium composition and provide basic information about each Partner. Partners can be added, edited and deleted.

The project coordinator specifies each partner and the principal investigator (PI) of each partner.

Any PI indicated in the table below has access to the project, his/her login being the registered email address. If necessary, he/she can generate a new password from the home page.

Note that users with only the scientific team member role do not have an account to log into the application.

At each change made, the PIs of the concerned partners are informed by e-mail.

Display By country ▼

[Add a new partner/organisation](#)

Add a new Partner/organisation

Place the mouse pointer on the 3 dots to edit the Partner's information or to delete a Partner. It is only possible to delete Partners other than the Project Coordinator.

Click on “*Modify partner/organisation*” to provide information about a partner (Name, acronym, category, country, funding organisation if applicable, amount of requested funding, and PI information; see the pop-up window shown below).

Click on “*Add a new partner/organisation*” to have in total a minimum of 3 Partners, each requesting funding from a different funding organisation. If this condition is not fulfilled, the proposal will not be eligible.

If there are two Partners or more requesting funding from the same country in your project, please choose a Partner that will act as a contact point for this country (the concerned Partner should select the option “country head-on”).

1.1.1. Partners/Organisations files

This tab enables you to provide further information about each Partner. It contains two sub-tabs: “Administrative data” and “Financial data”.

The mandatory fields under “Administrative data” sub-tab are the following: “Partner/Organisation: UOS”, “Principal Investigator/Scientific manager” and “Place of the scientific works”. Please note that you also need to add the names of all the scientific members

involved in the proposal for a given Partner (permanent, postdocs, etc...) under the field “Scientific team partner's member”.

Under the “Financial data” sub-tab, the “Requested funding” field and the Full cost” field are required.

1.1.1. Identity of the project

Under this tab general information about the project must be provided, such as call topic, project duration, and keywords.

The screenshot shows the 'Identity of the project' tab in the QuantERA submission form. The form is divided into two main sections: 'General information' and 'Further information'. Callouts provide additional context for several fields:

- Duration in months:** A dropdown menu with options 24 and 36. Callout: "The project's duration can be 24 or 36 months."
- R & D categorie:** A dropdown menu with 'Fundamental research' selected. Callout: "Fundamental research is filled in by default for the QPR topic. For the AQS topic, you can choose between Industrial Research and Experimental Development."
- Key words:** A text input field with a '+' icon. Callout: "Project keywords must be provided here."
- Follow-up project previously funded:** A dropdown menu. Callout: "Questions regarding your history with QuantERA"

General information

* Mandatory informations to validate form

Project Acronym: Test 2 *

Project French title: Test 2 *

Project English title: Test 2 *

Duration in months: [24 | 36] *

Financial instrument: PRCI-CE - Projets de recherche collaborative - International dans un cadre Commission européenne (avec soutien CE) *

Primary societal challenge: DS07 - Société de l'information et de la communication *

R & D categorie: Fundamental research *

Further information

Key words (please separate each word with semicolons): +

Do you have to use genetic resources (Nagoya regulation) as part of this project? No *

Did you register the project at a previous edition: *

Follow-up project previously funded: *

Call topic

Under the sub-tab **Research themes**, click on “*Select research themes*” and choose between one or five themes (these correspond to the pillars listed in the [Call Announcement](#)). The selection should look as the screenshot below (depending on the themes). A minimum of one theme should be selected.

The screenshot shows a window titled "Research themes". Below the title bar, there is a instruction: "Choose the research themes (Min 1 Max 3) from the 5 available themes (as well as the sub-themes)". To the right of this instruction is a button labeled "Select research themes". Below this is a table with two columns: "Research themes" and "Level". The table contains two rows: "Quantum simulation" with a "Primary" level, and "General quantum science" with a "Secondary" level. At the bottom of the window, there is a small note: "*. Specific project theme / sub-theme".

Research themes	Level
Quantum simulation	Primary
General quantum science	Secondary

The bottom of the window shows the Sustainable Development Goals that need to be chosen and completed. You can modify your choice by clicking on the “*Change*” button.

The screenshot shows a window titled "Sustainable Development Goals". Below the title bar, there is a link "Find out more". Below this is a dropdown menu showing "Gender Equality" and "Industry, Innovation and Infrastructure". To the right of the dropdown menu is a button labeled "Change". At the bottom of the window, there are two buttons: "Save" and "Cancel". A red arrow points to the "Save" button.

Find out more

Gender Equality
Industry, Innovation and Infrastructure

Change

1.1.2. Scientific Abstracts

Under this tab the project summary should be added, as also provided in the proposal document. The version provided under this tab is used for reviewer assignment.

The “Non-confidential abstract or summary in English” field should correspond to the “Summary of the project” field in the proposal document.

1.1.3. Scientific Document

Under this tab the proposal document in PDF format and the financial plan in xls format must be uploaded.

As specified in the Call Announcement, the proposal document must be written in English.

Upload the proposal document in PDF format.

Upload the financial plan in xls format.

1.1.5. Submission of the project

This tab enables the Project Coordinator to lock and unlock the project proposal. When the proposal is locked, PIs from other Partners cannot modify their information.

The tab also provides information on the proposal validity. Alerts shown in red are blocking issues for the submission.

A confirmation email is sent to the Project Coordinator at Call closure.

AAP: QuantERA Call 2025 - Quantum Phenomena and Resources (QPR) - Edition: 2026 - Proposal: Test_QPRI

⌚ Time remaining before closing of the call for proposals:
45 days 2 hours

Your proposal will automatically be submitted on December 5th, 2025 at 17:00 (CEST), if all the conditions for your submission are met. This will be indicated with the following message shown in green on this page: "The conditions for submission of your proposal are met."

If you do not have this message in green, but instead see messages in orange or red, please read carefully the missing requirements reported in these messages, and correct them in your submission (e.g., missing financial information, missing administrative information, missing scientific document, etc...).

The closing date for call for proposals is 05/12/2025 until 17:00 (DD/MM/YYYY; Current local time in Paris, France)

Project status :Locked

Your application will automatically be considered submitted if all the following conditions are met :

- the scientific document has been submitted
- the grant amount requested for the project is non-zero at the closing of the call for proposals

Only information entered on the submission website by the call for proposals closing date will be considered.

An electronic confirmation will be sent to the coordinator on the call for proposals closing date.

Coordinators are asked to lock their projects by the closing date.

The project may be unlocked by the coordinator prior to the closing date if additional changes are necessary.

Unlock proposal

Checking fields

Please note that the submission platform is unable to check that the information you have entered matches the eligibility criteria laid out in the text of the call for proposals.

The minimum conditions for submission of your proposal are met. Please be aware of the following alerts:

- In red : This condition must be fulfilled for your proposition to be complete
- In orange : Information about the project or partner that should be filled or corrected

Proposal :

- No Sustainable Development Goals selected although their selection is mandatory for the funding stage

Partner/Organisation 1 : Test_I (Coordinator)

- The partner has not entered all of the required fields under administrative data

Administrative and financial document of the project

Generate

Note that there is no submission button per se, however, all new information added to the proposal should be saved using the save buttons available in the other tabs.

Please pay attention to the red alert which corresponds to missing mandatory information.

After the closure of the submission, you will receive an email confirming your successful submission.
